

## Figure 2. Map Legend

Figures 3 - 17 contain the following symbology. Figure 2 is the complete legend for Figures 3 - 17.

### Important watersheds

Anchor watershed

Other important watershed

### *O. mykiss* habitat

Anadromous *O. mykiss* habitat

Rainbow trout habitat

### Streams

Essential stream

Other important stream

Stream

Canal or Ditch

Pipeline

Intermittent streams

### Barriers

Total anthropogenic - unlikely to be modified

Total anthropogenic - likely candidate for modification\*

Total natural - upper limit of anadromy

Partial - important partial barrier

Partial - additional information requested

Dam or Weir

USGS Gauges

### Waterbodies

Lake or Reservoir

Swamp or Marsh

Beach/Foreshore

Inundation Area

Wash

### Cities (Population)

- 91 - 10000
- 10001 - 50000
- 50001 - 100000
- 100001 - 500000

Urban Areas

### Roads

Freeway

State highway

Major thoroughfare

Local road

Railroads

County border

197-01

Barrier ID -

*See corresponding numbers  
in text for additional information*

\* Includes barriers currently under modification
